

Spec Sheets

Spec stands for *specification* meaning *specific to this one*.
Specs are the details. *Spec sheets* collect these details. 

- ★ Spec sheets are just another way of taking notes.
- ★ These are particularly useful when you're planning on collecting the same kind of information on many members of a group to see how they are alike and different.

- ★ For example —
 - U.S. Presidents
 - the planets
 - animal species
 - the states
 - types of weather
 - types of castles
 - famous people
 - art movements
 - kinds of cameras
 - and so on ...

- ★ Completed spec sheets that are neat and legible may be bound into a resource book. You'll need to design a cover, write an introduction, and include a copy of your bibliography.

Rainforest Amphibian 

Scientific classification: _____
Close relatives: _____
Colors: _____
Size: _____
Weight: _____
Special features: _____

Herbivore Carnivore Omnivore
Range: _____
Habitat: _____

Endangered Yes No _____
Extra information: _____
